

Formed in 2004 *Beat-Route* has become one of the most well established and busiest live Jazz acts in KZN.

After two decades of performing together Beat-Route has built a firm reputation in KZN. Playing in the traditional format of an acoustic swing Jazz ensemble but not limiting our repertoire which extends beyond the well worn run of the usual Jazz standards we built the band around.

Beat-Route performs as anything from a sophisticated instrumental Jazz Quartet right up to a dynamic 8 piece band. In the smaller format Beat-Route has a huge repertoire of swing Jazz, a tradition that has formed our niche for 2 decades. As of 2024 we have been focusing on bringing more original material into the fold. A rich tapestry of Latin, Flamenco and African flavours permeate the mix with some forays into some more progressive smooth and punchy acid jazz sounds.

The core line up features legendary front-man Mr Daniel Sheldon on Trumpet and percussion, the inimitable and renowned master of the Jazz Guitar Mr Gerald Sloan on Guitar, respected Bass man Mr Logan Byrne on the Upright Bass and the dynamic and exuberant Mr Riley Giandhari gracing the Drums.

For Bigger gigs, and wherever possible, we add the lush vocals of Ms Zoe "The Seed" Masuku one of KZNs most extraordinary vocalists with some beautifully arranged Jazz and popular favourites.

With well over a thousand gigs to our credit and a client list that includes the likes of TBWA, Vodacom, Grindrod, KEY, Jockey, Coca-Cola, Samsung, The Louries, KZN Tourism, Legend: David Gouldie and events like ART in THE PARK, The SMARTIES Awards, Durban Fashion Fair, The Hilton Arts Festival, The Vodacom Durban July and Gold Circle Awards Beat-Route is a band well worth keeping an eye on. 20 Years later and still going strong with upcoming gigs booked across the country and well into 2025.
